# 22. FSF kot pogled, razgled, pregled, vpogled v aktualno slovensko filmsko ustvarjanje

Nacionalni filmski festival doseže svoj namen, ko izbrani filmi pustijo pri gledalcih zvočno-slikovni genetski odtis aktualne generacije.

Vsakoletni nabor filmov sicer izraža svojega duha in ustvarja posebno festivalsko atmosfero, je pa prav neverjetno, kako lirična umetniška senzibilnost kot stalinica prezema filme ves čas od nastanka slovenske kinematografije do danes. *Od Balade o trobenti in oblaku* Franceta Štiglicha, prek *Plesa v dežju*, filmov Matjaža Klopčiča iz sedemdesetih let ... pa vse do vizualnih poetičnih utrinkov iz filmov Andreja Zdraviča, letošnjega Badjurovega nagrajenca. Medtem ko nam uvožena kinematografska ponudba vedno znova pripoveduje pretresljive zgodbe, od visokoproračunskih zgodovinskih spektaklov do vedno bolj megalomanskih fantazijskih digitalnih potovanj, ostaja stalinica slovenske produkcije subjektivna naracija. V svojih najboljših trenutkih je ta sposobna priklicati duhove naše kulturne

preteklosti, ki se odsevajo v našem tukaj in zdaj do meja nostalgičnosti nad izgubljenimi junaki preteklega časa. Če tako majhni kinematografi, kot je slovenska, uspe na leto posneti vsaj en film, ki s svojo avdiovizualno filmsko poetiko izzove čutenje svetov neke kulturne dediščine, je do dovolj, da ji lahko čestitamo. In tokrat ji zopet lahko čestitamo, pa čeprav bi si vsi skupaj želeli, da bi avtorski presežki sloneli na trdem produkcijskem jedru sprotrega odziva na aktualne razmere, ki bi si lahko privoščil žanrsko raznovrstnost in produkcijsko pestrost različnih pristopov, klasičnih, uveljavljenih in novih. A upanje umre zadnje in tako je tudi prav, sicer se ne bi že tretje leto trudili prispevati svoj delež k utrjevanju kondicije slovenske filmske produkcije z organizacijo dogodkov strokovnega programa.

## Kultura je področje zdrževanja

Evropska filmska industrija zadnjega desetletja je najboljši dokaz za to, da je za uspešnost v filmski kulturi najboljše jamstvo ravno čezmejno sodelovanje. Seveda je dejavno odzivanje sistema financiranja, predvsem javnih shem, na to nesporno dejstvo ključni dejavnik ravno v državah kinematografij manjše kapacitete, vendar pa verjamemo, da lahko oporo mednarodnemu sodelovanju zagotovi tudi nacionalni filmski festival s premišljeno strategijo spodbujanja profesionalnih povezav neodvisnih producentov, izmenjave poklicnih znanj, vnosa vsebin, ki bi drugače teže ubirale poti do mednarodnih povezav. Pri kreaciji letošnjega strokovnega programa nas je vodil prav ta cilj.

Nacionalni festivali imajo glede filmskega programa povsem jasno, vnaprej začrtano nalogo predstavitve in afirmacije nacionalne produkcije in koprodukcij; edino polje, kjer so moje odprte, je polje strokovnega programa. Letos smo moje najbolj odprli proti svoji najzahodnejši sosedji Italiji.

Tradicija sodelovanja z Italijo na področju filmskih koprodukcij sega že v pozna petdeseta in šestdeseta leta prejšnjega stoletja, v čas delovanja Filmservisa in Triglav filma, ko je država zaradi dobrega zasluga tolerirala finančne koprodukcije z večjimi producijskimi podjetji. V teh koprodukcijah so nekajkrat sodelovala tudi italijanska podjetja, na primer Rizzoli film z *La ragazza della salina* in Marcellom Mastroiannijem iz leta 1957 ter produkcija

Dina de Laurentisa s filmom *Fräulein Doktor* iz leta 1969. Slovenska udeležba v koprodukcijah povojnega obdobja je bila večinoma omejena na tehnične usluge ter stranske vloge slovenskih igralcev. Premik, ki se dogaja v zadnjih desetih letih koproduksijskega sodelovanja, pa je premik v smer kulturnih koprodukcij. Devet večinskih slovenskih ter devet manjšinskih koprodukcij z Italijo, med katerimi so *Nahrani me z besedami*, *Zgodbe iz kostanjevih gozdov*, *Komedija solz*, *Zoran, moj nečak idiot*, pomeni naravno sodelovanje, ki izhaja iz kulturnega okolja, v katerem bi bilo zanikanje povezav nasilje nad zgodovino. Tudi letošnji filmski program dokazuje, da je vedno bolj prepišna želesna zavesa po tem, ko se je sesula na meji, dokončno padla tudi v glavah. V tekmovalni program so se uvrstili filmi, ki pričajo o tematski, zgodovinski ali kulturni povezanosti: poleg že omenjenih *Zgodb iz kostanjevih gozdov* še *Vprašanje identitete*, *Hči Camorre*, *Igor in Rosa* ter kratki film *Stoj!* Dodali smo jim film *Menocchio* režisera Alberta Fasula, ki bo z nami kot častni gost festivala spregovoril o svoji univerzalni zgodbi o brezčasni zvestobi človeškim vrednotam.

Koproduksijsko srečanje, ki ga vsako leto posvetimo eni izmed sosednjih držav, je tokrat postavilo v središče Italijo. Izbiro države se zdi pričakovana odločitev, saj je interes za koprodukcije med državama vsako leto večji. Za to ima nedvomno zasluge tudi koproduksijski razvojni sklad React, ustanovljen pred štirimi leti (v partnerstvu SFC-ja, FVG-ja in HAVC-a), ki je skromnim začetkom dal potrebni pospešek.

Veseli nas, da letos lahko napovemo predstavitve tako izjemnih projektov v razvoju (pitchingi) kot postprodukcij iz obeh držav (program Tržnica del v nastajanju), ki jih zanima koproduksijsko sodelovanje.

Predstavili vam bomo tudi najbolj zanimive italijanske filmske institucije, ki tvorijo sistem podpor filmski produkciji in kulturni izmenjavi: MIBAC, ANICA, regionalne sklade, Italijanski inštitut za kulturo v Ljubljani, Italian Trade Agency Slovenija. Skratka, pridružite se nam na dogodkih strokovnega programa in *sponzajmo Italijane!*

# 22nd FSF as a Look At, Across, Through, and Into Current Slovenian Filmmaking

A national film festival has served its purpose if the selected films leave an audiovisual genetic impression of the current generation of filmmakers.

While each annual line-up of films invariably radiates a certain spirit and creates a distinct festival atmosphere, it seems quite extraordinary how lyrical artistic sensibility as a constant pervades films throughout the history of Slovenian cinema since its very beginnings. From France Štiglic' *The Ballad of the Trumpet and the Cloud*, to *Dance in the Rain*, Matjaž Klopčič's films from the 1970s... to sparkles of visual poetry from the works of Andrej Zdravič, this year's Badjura Award laureate. If the imported range of cinema keeps supplying us with poignant tales, from high-budget historical blockbusters to increasingly extravagant digital fantasies, it is subjective narration that remains a constant in Slovenian cinema. At its best, it can evoke the ghosts of our cultural past, to be reflected in *our here and now* to the extent of nostalgia over the lost heroes of times past. If a national cinema as small as Slovenian produces but one film

annually whose audiovisual poetics can elicit the experience of the worlds of some cultural heritage, this is reason enough to celebrate it. And we may celebrate it again, even if we would all like nothing more than to see outstanding original works be able to rely on a solid production base of timely reactions to pressing issues which could afford variety in terms of genre, and production diversity in terms of approaches – traditional, well-established or new. But hope dies last, and this is how it should be, and it was with this hope that we have made the effort, for the third consecutive year, to contribute our share to making the Slovenian cinema fitter by organising industry events.

## Culture is a space of connection

The European film industry of the last decades is clear proof that, when it comes to cinema, cross-border co-operation guarantees success. It is in low production capacity countries that active reactions of financing schemes, especially public mechanisms, to this indisputable fact make the crucial difference. That said, we are confident that international co-operation can also be vitally fostered by a national film festival with a clever strategy of encouraging closer links between independent producers, an exchange of knowledge, and content that would otherwise struggle to position itself internationally. This was the guiding premise in making this year's industry programme.

In terms of the line-up of films, national festivals have a clear-cut mission: to showcase and affirm what has been produced nationally and in co-production. Industry programme is the only open-frontier area. And this year, it is with Slovenia's westernmost neighbour, Italy, that the frontier has been pushed furthest back.

The tradition of working with Italy in film co-productions goes back to the times of Filmservis and Triglav film production companies in the late 1950s and 1960s, when the state tolerated financial co-productions with large production companies for their good profits. Several such co-productions were with Italian companies, such as *Sand, Love and Salt* (*La ragazza della salina*) with Marcello Mastroianni and Rizzi film in 1957, and *Fräulein Doktor*, the 1969 Dino de Laurentiis' production. In post-

war co-productions, Slovenia's participation was mainly limited to technical input and supporting roles by Slovenian actors. The shift we have seen in the last ten years of co-operation, is a shift towards cross-cultural co-productions. Nine majority and nine minority co-productions with Italy, including *Feed Me with Your Words, Stories from Chestnut Woods, A Comedy of Tears, Zoran, My Nephew the Idiot*, indicate an organic co-operation that is rooted in the cultural environment where denying cross-cultural exchange would be an act of violence against history. This year's festival line-up is clear evidence that after collapsing on the border, the increasingly draughty iron curtain has finally fallen in the minds of people. The Competition section features films that attest to the wealth of thematic, historical and cultural connections: the previously mentioned *Stories from Chestnut Woods*, as well as *Identity Dilemma, Daughter of Camorra, Rosa* and the short film *Sto! To* these, we have added *Menocchio* by Alberto Fasulo, who is joining us as a guest of honour to speak about his universal tale of timeless commitment to human values.

The Co-Production Meeting, whose each new edition foregrounds a different country, has chosen Italy as the country in focus this year. The choice of the country can be no surprise considering the growing interest for co-productions between the two countries. This is undoubtedly largely thanks to React, a co-development funding scheme initiated four years ago (by SFC, FVG, and HAVC), which gave the humble beginnings a much-needed boost.

We are pleased to announce pitches by outstanding projects in development as well as presentations of projects in postproduction from both countries seeking co-production partners (Work in Progress Market).

Participants will also have a chance to learn about some of the most interesting Italian institutions making up the funding network for film production and cultural exchange: MIBAC, ANICA, regional funds, the Italian Cultural Institute in Ljubljana, the Italian Trade Agency in Slovenia. Reasons enough to join us for the industry events and *Meet the Italians!*

Film je čudovita umetnost, izjemno kompleksna, a hkrati preprosto neposredna v komunikaciji z gledalcem. A kljub čarobnosti filmskega izraza, ki lahko doseže um, čute in srce katerega koli in kakršnega koli človeka, se gledalci le poredko srečamo s filmi, za katere lahko trdimo, da so celostna umetnina – v kateri se brišejo ločnice med elementi, ki jo sestavlja, pri kateri se konkretna snovnost njenega nastanka prelije v edinstveno psihofizično in metafizično doživetje gledalca. In filmi Andreja Zdraviča nam neredko omogočijo prav to: umetniško doživetje brez precedensa in brez primere. Trdimo lahko celo, da je ves njegov umetniški opus sklenjena celota, saj kljub temu, da se v njem menjajo predmeti obravnave, načini obravnave in ne nazadnje tehnologija snemanja, odseva neki določeni pogled na svet, avtorjevo posebno senzibilnost, ki nam z zvočno-vizualnimi impulzi na filmu venomer predstavlja utripanje ali ritem življenja (najsi bo narave, urbanega okolja, tehnologije). Za celostno umetnino suvereno stoji celosten avtor, Andrej Zdravič, ki, tako rekoč nerazdružljiv s svojo snovjo in svojo umetnino, bdi nad vsemi fazami njenega nastanka in nad vsemi njenimi elementi.

Življenje Andreja Zdraviča je življenje, posvečeno filmu. Po osnovni izobrazbi v Ljubljani in Alžiru je začel študirati umetnostno zgodovino in etnologijo na Filozofski fakulteti v Ljubljani ter se v tem obdobju navdušil nad fotografijo in glasbo. Leta 1973 je odšel v ZDA, kjer je študiral, diplomiral in magistriral na oddelku Center for Media Study na State University of New York/Buffalo, študij pa je poleg filmskih smeri vseboval tudi analogno sintezo zvoka in digitalni sampling. Pet let je živel in ustvarjal v okolju newyorške filmske avantgarde, a se je leta 1980, ker je želel posneti film o oceanu, preselil v San Francisco in tam ostal sedemnajst let. Poleg svojih del je v novem okolju ustvaril več filmov o mikrokirurški transplantaciji in šest let delal v Muzeju znanosti, umetnosti in človeške percepceje Exploratorium. Filmsko umetnost je predaval na ameriških univerzah UWM Milwaukee, San Francisco State University in drugod in kot gostujuči filmski avtor vodil seminarje na Stanford University, Royal College of Art, Falmouth University, Akademiji za likovno umetnost v Ljubljani ...

Za film *Riverglass – V steklu reke* (1997) je leta 1999 prejel nagrado Prešernovega sklada, leta 2006 mu je Univerza v Ljubljani podelila priznanje za pomembna umetniška

dela, za svoje ustvarjanje je prejel tudi številne nagrade po svetu, navsezadnje pa njegove filme obravnavata več publikacij, posvečenih filmski umetnosti in teoriji, ekologiji in filozofiji. Zdravič je Slovenijo zastopal na Beneškem bienalu leta 1999 in na razstavi World Expo '98. Njegove filme so prikazali na številnih samostojnih projekcijah in retrospektivah po svetu (Anthology Film Archives, Centre Pompidou, Deutsches Filmmuseum, Cankarjev dom, Slovenska kinoteka ...) ter predvajali na več televizijskih postajah (ZDF, RAISAT ART, ARTE, KCET Los Angeles ...) ali jih uvrstili kot eksponate v muzeje in galerije (ZKM Karlsruhe, MUSAC Léon, OCA Pavillion São Paulo, Alfred Ehrhardt Stiftung Berlin ...).

Andrej Zdravič je od leta 1973, ko ga je ob reki Soči in Jadranskem morju navdihnilo, kar je videl kot nenehen in večen ples narave, in je posnel svoj prvi film *Ples kamere*, ustvaril skoraj štirideset avtorskih filmov, ob tem pa tudi več video instalacij, v katerih raziskuje utrip življenja in narave, njenih nenehno prehajajočih energij in, v odnosu do človeka, duhovne razsežnosti teh prvinskih procesov. Njegovi filmi so zvočno-vizualne kompozicije, v katerih sta zvok in slika spojena v neločljivo govorico, med njima ni hierarhije, in skupaj tvorita film, ki na gledalca deluje totalno, preplavi ga, potopi vase. Zdravič sveta okoli sebe ne manipulira, temveč poskuša svojo zelo intimno izkušnjo okolja, v katerem se nahaja in ki ga (neskončno) fascinira, čim bolj natančno prenesti gledalcu. V svojih filmih največ prostora namenja naravnim pojavom, a v kakršno koli okolje vstopi kot filmski avtor (naj gre za naravo – reko, ocean, vznožje vulkana, oblake – ali urbano okolje – soseske New Yorka, operacijsko dvorano, kokpit reaktivnega letala), tja stopi nežno in tiho, vendar z naostrenimi čuti, s katerimi poišče zorne kote, ki najpreciznejše prenašajo doživetje in energije prostorov, ki jih hoče predstaviti. Zdravičevi filmi so kompleksne umetnine, a avtor svojega procesa dela in snovi obravnave ne mistificira – in prav zato imajo neverjetno moč, da vsakemu gledalcu ponudijo njegovo lastno umetniško izkušnjo. Zaradi razloga, zakaj nastanejo, načina, na katerega nastanejo, in direktnosti, s katero delujejo na gledalca, so filmi Andreja Zdraviča filmi v najčistejšem pomenu besede.

PREDSEDNICA KOMISIJE ZA BADJUROVO NAGRADO 2019

Film is a wonderful art form: highly complex yet artlessly straightforward when communicating with the audience. But despite the magic of the film expression that can speak to the mind, senses and heart of anyone anywhere, the audience only rarely gets to see a complete work of art – where the boundaries between the featured elements are blurred and its specific material aspects transform into a unique mental, physical and metaphysical experience for the audience. Andrej Zdravič's films often produce just that: an artistic experience without precedent or compare. It could even be said that his entire body of work is an integral whole, for despite the variety in terms of subject matter, manners of treatment and the technical means used, this body of work reflects a certain worldview, the author's unique sensibility in using audio-visual impulses to convey the pulsation or rhythm of life (be it nature, urban environments, or technology). Behind a complete work of art is a complete filmmaker with authority, Andrej Zdravič: inextricably bound to his matter and his artwork, he oversees all phases of its creation and all its elements.

The life of Andrej Zdravič is a life dedicated to film. After early education in Ljubljana and Algiers, he studied Art History and Ethnology at the Ljubljana Faculty of Arts, developing a keen interest in photography and music. In 1973, he left for the United States to study film. He received his BA and MA degrees from the State University of New York/Buffalo, Center for Media Study, where his studies also included analogue sound synthesis and digital sampling. For five years, Zdravič lived and worked in the avant-garde film scene of New York City. In 1980, his desire to make a film about the ocean prompted him to move to San Francisco, where he stayed for 17 years. While living there, in addition to pursuing his own projects, he made a number of films on microsurgical transplantation and spent six years working for the Exploratorium, the Museum of Science, Art and Human Perception. Zdravič taught cinema at the University of Wisconsin/Milwaukee and the San Francisco State University, among others, and was a visiting filmmaker at Stanford University, the Royal College of Art, Falmouth University, the Academy of Fine Arts, Ljubljana.

He received the 1999 Prešeren Fund Award for his film *Riverglass – V steklu reke* (1997), the Recognition of Important Works of Art from the University of Ljubljana

(2006), and a number of other awards worldwide. His work has been recognised and discussed in several books on film theory, ecocriticism and philosophy. Zdravič represented Slovenia at the 1999 Venice Biennale and EXPO '98. His films have been screened in many standalone presentations and retrospectives across the U.S. and Europe (Anthology Film Archives, Centre Pompidou, Deutsches Filmmuseum, Cankarjev dom, The Slovenian Cinematheque...), broadcast on a number of TV channels (ZDF, RAISAT ART, ARTE, KCET Los Angeles...) and included in museum or gallery exhibitions and collections (ZKM Karlsruhe, MUSAC Léon, OCA Pavillion São Paulo, Alfred Ehrhardt Stiftung Berlin...).

Since 1973, when he made his first film, *Camera Dances*, inspired during his visits to the Soča river and the Adriatic Sea by what he saw as a perpetual, eternal dance of nature, Andrej Zdravič has made almost 40 independent films and several video installations exploring the pulse of life and nature, its ever shifting energies and the spiritual dimensions of these primal phenomena in relation to the human being. His works are audio-visual compositions in which sound and image merge seamlessly, in no order of importance, into an inextricable language to make up a film that absorbs the audience completely, engrossing it, consuming it. Rather than manipulating the world around him, Zdravič attempts to convey to the audience, as precisely as possible, his very intimate experience of the environment he finds himself in and is (so immensely) fascinated by. His works mainly deal with natural phenomena, but whatever the environment he enters as a filmmaker (be it natural – a river, the ocean, the foot of a volcano, clouds; or urban – New York City neighbourhoods, an operating theatre, a jet cockpit), he enters it softly and quietly, his senses heightened to find the angles that could most accurately communicate the experience and energies of the space. While his films are complex works of art, Zdravič maintains that there is no mystery to his working process or his subject matter – and this is why they carry the incredible power to give each spectator their own artistic experience. For the reason they are made, for the way they are made, and for their straightforward impact on the audience, Andrej Zdravič's films are films at their purest.

Film je navdihujč portret izjemnega pesnika Tomaža Šalamuna, ki je živel za umetnost in je iskro ustvarjalnosti neumorno prižigal v drugih. Več kot 50 let je bil na svoji poti popolnoma predan umetnosti in je za to včasih plačeval visoko ceno. Zaradi verzov, karizme in srčne podpore pesnikom je bil čaščen po vsem svetu, zlasti v ZDA, njegovo zasebno življenje pa so zaznamovali številni boji in zavračanje kompromisov.

The film paints an inspiring portrait of Tomaž Šalamun, an extraordinary poet who lived for his art and tirelessly sparked creativity in others. For more than 50 years, he remained fully committed to art, often paying a high price. His poetry, charisma and passionate support for fellow poets made him a globally revered persona, especially in the U.S., while his personal life was riddled with struggles and refusals to compromise.

### IZJAVA REŽISERJA DIRECTOR'S STATEMENT

Čeprav je izmišljen, je nekega dne Frenk dejansko prišel, potrkal je na moja vrata in se nič kaj vladno predstavlil: Jaz sem Frenk! Ni ovinkaril, imel je jasno idejo, da o njem posnamem film.

*Although a fictional character, Frank did someday actually come knocking on my door, introducing himself not very gallantly: I am Frank! He went straight to the point: he wanted me to make a film about him.*

Nepričakovana dediščina po umrlem očetu sproži spor med Frenkom, upornikom, ki še vedno prisega na socialistične vrednote, in njegovim bratom Branetom, tipičnim posttranzicijskim tajkunom. Medtem ko Frenk raziskuje izvor denarja, ki si ga je pokojni oče kot eden vidnih osamosvojiteljev prisvojil z raznimi sumljivimi posli, želi Brane do denarja s pomočjo odvetnikov in mreže očetovih prijateljev, ki jim niso tuje niti mafiskske metode. Branetova žena Ines, ki je v resnici ves čas ljubila Frenka, se znova znajde med bratoma.

An unexpected inheritance from their father sparks a dispute between Frank, a rebel who still swears by old socialist values, and his brother Brane, a classic transition profiteer. While Frank is tracking the source of money, which his late father, a protagonist of the Slovenian independence, made through shady dealings, Brane resorts to his lawyers and a network of his father's cronies, who are no strangers to mafia tactics. Brane's wife Ines, who has in fact loved Frank all along, finds herself caught between the two brothers once more.

Leon Gall je policijski inšpektor v poznih tridesetih. Včasih deluje na robu legalnosti, vendar ni koruptiven. V četrti, kjer je odraščal s svojo pokojno materjo, narkomanko, Korporacija Rihter želi prijeti gradnjo največjega stavbnega kompleksa v zgodovini mesta. Leon Gall prek svoje punce, luksuzne prostitutke Veronike Gril, ki zadovoljuje pomembnega politika in enega izmed glavnih akterjev pri projektu, izve, da je bil nakup tamkajšnjega zemljišča sumljiv.

Leon Gall is a police inspector in his late thirties, whose investigations are often on the verge of legality, but never corrupt. In the neighbourhood where he grew up with his late mother, a drug addict, the Rihter Corporation is planning the biggest development in the city's history. Through his girlfriend – the high-end prostitute Veronika Gril, whose client is a high-profile politician and one of the main players in the project – Leon Gall finds out that the purchase of the land was a shady deal.

*Tista črna kitara, Namesto koga roža cveti, Od višine se zvrti ... so že ponarodele pesmi Vlada Kreslina. Vlado ima pri svoji publiku kulturni status, ki ni posledica samopromocijskih strategij, ampak rezultat osebne karizme in sugestivnega glasbenega izraza. Ta temelji na prepletu tradicionalne panonske melodičnosti, rockovskega uporništva in izvirne pesniško-glasbene govorce. Dokumentarec ponuja uvid v ključne faze Kreslinove rasti k avtentičnemu umetniškemu izrazu ter obenem vzpostavlja obrise kulturnega konteksta, znotraj katerega deluje že več kot štirideset let.*

Vlado Kreslin enjoys an iconic status among his fans, a status not fuelled by self-promotion, but attained through his charisma and an evocative musical expression. In his style, he combines the melodious Pannonian tradition with rebellious rock, and an original language of poetry and music. The documentary gives an insight into the key stages of Kreslin's rise towards an authentic artistic expression, while tracing the cultural context in which he has been working for more than forty years.

Potovanje med preteklostjo in sedanostjo ob meji, ki je bila nekoč stičišče Italije in avstro-oogrsko monarhije, in odkrivanje zgodb žensk, ki so se ob razpadu monarhije bojevale za priznanje svoje identitete.

A journey between the past and the present of the border region that used to be a point of contact between Italy and the Austro-Hungarian Empire, uncovering the stories of women who fought to have their identities acknowledged against the backdrop of the crumbling monarchy.

Sredi kostanjevih gozdov živi skopuški mizar Mario in bolestno prešteva svoje novce. Na drugi strani reke se Marta, zadnja kostanjarka, pripravlja, da bo za zmeraj zapustila nesrečne doline in našla boljše življenje onkraj oceana... Sanjska pripective o razpadu majhne skupnosti na jugoslovansko-italijanski meji.

In the midst of chestnut woods lives a stingy carpenter named Mario, manically counting his pennies. On the other side of the river, Martha, the last chestnut woman, is ready to leave the desolate valleys for good in search of a better life across the ocean... V Štipu, majhnem makedonskem mestu, lokalni duhovnik januarja, na praznik sv. treh kraljev, v reko vrže lesen križ, za katerim skoči na stotine moških. Sreča in blaginja sta zagotovljena tistem, ki ujame križ. Tokrat za križem v mrzlo vodo skoči tudi Petrunija in uspe jí zgrabiti križ pred drugimi. Njeni moški konkurenti so besni – kako si drzne ženska sodelovati v njihovem ritualu? A Petrunija vztraja: dobila je svoj križ in ne bo se mu odrekla.

In Stip, a small town in Macedonia, every January the local priest throws a wooden cross into the river and hundreds of men dive after it. Good fortune and prosperity are guaranteed to the man who retrieves it. This time, Petrunya dives into the water on a whim and manages to grab the cross before the others. Her competitors are furious – how dare a woman take part in their ritual? All hell breaks loose, but Petrunya holds her ground. She won her cross and will not give it up.

IZJAVA REŽISERKE DIRECTOR'S STATEMENT

*Nimam odgovora na to, kako najti ravnovesje med tradicijo in modernostjo, ali na to, kakšno vlogo bo tradicija imela v prihodnosti. Zanima me predvsem, kako je tradicijo mogoče prilagoditi, denimo da bi vanjo bolj enakovredno vključili drugi spol.*

*I don't have the answer to how to balance tradition and modernity, nor to what is the place of tradition in the future. What I am interested in is how tradition can be modulated, for instance to involve the second sex on a more equal level.*

Zgodba o neverjetni reševalni akciji, ki se je med drugo svetovno vojno odvijala v Zagrebu. To je zgodba o ženski, ki je iz zloglasnih taborišč, ki so jih ustanovili ustaši, kolaboracionisti nacistične Nemčije, s peščico najbližjih sodelavcev pred gotovo smrtjo rešila več kot 10.000 otrok. Njeno ime je bilo za mnogo let izbrisano z zgodovine, njene izjemne zasluge pa pripisane drugim. Zanje nikoli niso slišali niti otroci, ki jim je rešila življenje. Ime ji je Diana Budisavljević.

The story follows a remarkable rescue campaign that took place in Zagreb during World War II. This is a story about a woman who, with a handful of her closest associates, saved more than 10,000 children from certain death in the infamous camps established by the Ustashe, collaborators of the Nazi Germany. For a long time, her name was erased from history, as her remarkable deeds were attributed to others. Her identity remained unknown even to the children whose lives she saved. Her name is Diana Budisavljević.

*Tragičnost Arminovega lika vidim na eni strani v njegovi moralni drži, ki je pristna in ganljiva, na drugi strani pa ga prav ta na neki način ves čas ovira pri tem, da bi uresničil svoj cilj.*

*On the one hand, I think the tragedy about Armin's character is that his moral posture is so genuine, heart-breaking. On the other hand, this is precisely what keeps preventing him from accomplishing his goal.*

Armin, ki je že dolgo nezaposlen, se odpravi na razgovor za delo hišnika v osnovni šoli. Na poti naleti na prometno nesrečo. Ko končno prispe do šole, je razgovorov že konec in delo je bilo oddano. Še preden noseči ženi Jasmini pove o ponesrečenem razgovoru, se priložnost ponudi v klavnici pri znancu njegovega svaka Kenana. Ker Armin ni sposoben zaklati živali, dobí delo varnostnika. Kmalu pa ugotovi, da delavci v klavnici kradejo. Prepričan, da ravna prav, prijaví krajo lastniku klavnice.

Having long been out of work, Armin finally lands a job interview. On his way, he runs into a car accident, and by the time he finally makes it, the interviews are already over. Before he has a chance to tell his pregnant wife of another failed attempt, a job offer arrives through his brother-in-law to work in a slaughterhouse. Unable to kill an animal, Armin lands the position of a security guard and soon finds that workers there are stealing. Conscientious as he is, he reports the theft to the owner.

*Ko ženska izgubi moža, je vdova. Kaj pa, če izgubi otroka? Ni besede, ki bi jo opredelila, in to je vprašanje, ki me je vodilo pri pripovedovanju moje zgodbe.*

Arman je posvojen v družino Jasne in Senada, ki kasneje dobita še biološkega sina. Arman se na pragu odraslosti, pri sedemnajstih, poda v iskanje lastne identitete in biološke mame, na poti pa se nenehno bori z demoni svoje preteklosti. Hkrati se trudi zaščititi mlajšega brata pred izzivi življenja v sodobnem Sarajevu – pred drogo, orožjem in potencialnim odhodom na bojišča Bližnjega vzhoda. Zgodba spreminja družino, ki se lomi pod notranjimi napetostmi, medtem ko se bori, da bi preživelva v današnji bosanski družbi.

Arman is an adopted child of Jasna and Senad, who later had a biological son. At 17, the soon-to-be-adult decides to discover his true identity and find his biological mother. While battling the demons of his past, Arman tries to protect his little brother from the challenges of living in modern Sarajevo – drugs, arms, and being lured to the battlefields of the Middle East. A story about a family breaking under the strain of its own tensions while struggling to survive in the contemporary Bosnian society.

*Nekaj mesecev pred najpomembnejšim dogodkom v mojem življenju sem slišal zgodbo o kraji otrok iz porodnišnice. O njihovi prodaji. O lažnih smrtilih. O prevaranih materah in uničenih družinah.*

*A few months before the most important event in my life, I heard a story of children being abducted from maternity wards. Of them being sold. Of fake deaths. Of deceived mothers and broken families.*

Ani se življenje v hipu spremeni, ko po naključju izve, da je otrok, ki ga je rodila pred sedemnajstimi leti in je bil po porodu razglasen za mrtvega, še vedno živ, kot je že ves čas predvidevala. Njena obsedenost z raziskovanjem preteklosti povzroči konflikte v njeni družini. Ana se ne more ustaviti, dokler ne izve resnice. Šivi je zgodba o ženski, ki se sama bori proti družbi in iskanju pravice, ki ni nič manj kruta od laži, v katerih je živila do takrat.

Ana's life is changed dramatically by a chance discovery that the child she gave birth to 17 years ago and was declared dead, is still alive as she has always suspected. Although her fixation on learning about the past brings her into conflict with her family, Ana will not rest until she finds out the truth. *Stitches* is a story of one woman against society in search of justice, which is just as cruel as the lies she used to live with.

Film odpira pogled na razmerje med pisateljem Ivanom Mrakom in njegovo ženo, kiparko Karlo Bulovec. Njuno življenje se nam odkrije kot celota samo, če si vzamemo pravico pogledati njuno sobivanje, ki je bilo hkrati tudi medsebojno umetniško opljanje skozi najbolj liričen medij: ljubezen. Ustvarjalci filma so se znašli na produhudournika, ki vztrajno odplavlja: smeh, jok, moč, šibkost, goloto in zakritost.

The film sheds light on the relationship between the writer Ivan Mrak and his wife, the sculptor Karla Bulovec. The only way to take in their lives in in their entirety is to intrude into their co-existence, a means of mutual artistic enrichment through the most lyrical of all media: love. The crew behind the film found themselves on the rolling gravel of a torrent that keeps washing away: laughter and tears, strength and fragility, nudity and coveredness.

Andrej Rozman Roza je slovenski pesnik, pisatelj, dramatik, igralec in prevajalec. Glavna nit, ki teče skozi film, je Rozin boj za ničto stopnjo davka na dodano vrednost za vse proizvode, ki širijo slovenski jezik kot temelj slovenske države. Njegova ustvarjalna pot je raznolika, kot je raznolik tudi Roza sam.

Andrej Rozman Roza is a Slovenian poet, fiction writer, playwright, actor and translator. The main thread running through the film is Roza's campaign for the zero VAT rate on all goods that promote the Slovenian language as a pillar of the Slovenian state. Roza's creative journey is as multifaceted as Roza himself.

Zamisel o potovanju v Zaturce se porodi na srečanju rodbine Kutoš, kjer se vse vrati okoli strica Geze, družinskega pripovedovalca zgodb. Štiri generacije rodbine obujajo spomine na svoje prednike ob albumu fotografij. Posebno mesto v albumu, še posebej pa v Gezovem srcu, ima fotografija Petra Kutoša iz leta 1917 – na fotografiji je v vojaški uniformi ogrske vojske, roko ima obvezano, kajti 10. julija 1916 je bil težko ranjen na vzhodni fronti v Zaturcih.

The idea of a trip to Zaturtsi, Ukraine, emerges during a Kutoš family get-together, where everything revolves around uncle Geza, the family storyteller. Over a photo album, four generations of the family reminisce and share stories about their ancestors. A very special place in the album, and in Geza's heart, is occupied by a 1917 photograph showing Peter Kutoš in Austro-Hungarian military uniform, his hand bandaged. On 10 July 1916, he was heavily wounded on the Eastern Front, in Zaturtsi.

Dobro stoletje po nastanku ljubljanskega hotela Tivoli je stavba po temeljiti prenovi spremenjena v ustvarjalni center Švicarija. Desetletja je bila zibelka slovenskega kiparstva, poleg umetnikov pa so v njej bivali ruski izseljenci in posebneži. Dokumentarni film prepleta pričevanja nekdanjih prebivalcev z arhivskim gradivom in današnjim življenjem te nenavadne stavbe.

A good century after Tivoli Hotel opened in Ljubljana, the building underwent a thorough restoration to become the Švicarija Creative Centre. Known for decades as the cradle of Slovenian sculpture, it had been home to artists as well as oddities and Russian migrants. The documentary combines personal accounts from former residents with archive material and the life this extraordinary building has today.

*Kratki rezi* so izliv generaciji filmskih ustvarjalcev. Bistven del projekta so bile omejitve, ki so jih scenaristi, režiserji in njihovih šest ekip morali upoštevati: tri strani scenarija, dogajanje v ustavljenem avtomobilu z maksimalno tremi igralci, en snemalni dan, presenetljiv zgodbeni obrat in v vsakem filmu – razhod (rez).

*Short Deeds* were a challenge for a generation of filmmakers. The project had its rules which had to be followed by the screenwriters, directors and their six teams: three pages of script, action in a pulled-over car with no more than three actors, shot in one day, a twist in the plot, and to be featured in each story – a parting.

Pesmi Niki Novaka naselijo in izklešejo fizične in medosebne krajine ter razdalje, ki jih je izvrgel neki drugi film – z zvokom, melodijo, izpovednostjo in glasom, vpetimi v temačni, baladni rock. Utelesi se nekaj skrajno amorfnega, neotipljivega, nemirnega in prisotno odsotnega, lovimo duhove, spomine in občutja, ki se naselijo v vmesnih prostorih med sliko in pesmijo. Če imaš duhove, imaš vse.

Niko Novak's songs inhabit and carve out the physical and interpersonal landscapes and distances discarded by another film – with sound, melody, expressiveness and voice weaved into dark, balladic rock. Something highly amorphous, intangible, restless and presently absent is embodied; we hunt ghosts, memories and feelings that inhabit the spaces between pictures and songs. If you have ghosts, you have everything.

Ženska se v jeseni življenja spominja, kako je ljubezen vstopila v njeno srce prav v usodnem letu 1947, ko je v goriško pokrajino ostro zarezala novonastala meja med Italijo in Jugoslavijo. Njena zgodba je svojska pravljica z nadrealističnim značajem, a hkrati tudi družinska drama, ki so jo zaznamovali resnični dogodki.

In her autumn years, a woman reminisces about the fateful year of 1947, when the newly drawn border between Italy and Yugoslavia cut through the region of Gorizia; this was also the year when she found love. Hers is a peculiar tale with a tinge of the surreal, as well as a family drama shaped by real events.

Mala živalca se rodi. Kmalu za tem si mora poiskati hrano, da lahko raste in raste: „Njam, njam, njam ...“ Včasih mora biti previdna in se skriti pred plenilci: „Skrij se, mala živalca!“ Dnevi minevajo in mala živalca ni več tako majhna. Zrasla je v odraslo žival in sama raziskuje svet, dokler ne opazi nekoga zelo posebnega. Družico iste vrste! Zaljubita se in življenjski krog se znova prične.

A little animal is born. Soon, it has to go out looking for food to start growing: "Nom, nom, nom..." The animal has to stay alert to avoid the predators: "Take cover, beastie!" Days go by and the little animal is no longer so little. Now adult, it keeps exploring the world on its own until it finds someone very special. A mate of its own kind! They fall in love and a new life cycle begins.

Eden izmed njih je osamljenost, ki jo voznik na svoji poti zmanjuje s telefonom in poslušanjem glasbe, ob kateri tudi zapoje. Kratki eksperimentalni film *Delo v avtopralnici* je nastal na delavnici z Janom Cvitkovičem in raziskuje ponavljajoče se mehanično delo v avtopralnici. Kot nakazuje naslov, je glavna tema dokumentarnega videa samo delo in ne človeški delavci.

*The Carwash Job*, a short experimental film made at a student workshop with Jan Cvitkovič, explores the repetitions and machine-like work at a carwash. As the title suggests, the main subject of the documentary is the job itself rather than human workers.

Mislili smo, da smo narejeni iz prahu, v resnici pa smo samo duh. Zgodba se odvija v recikliranem vesolju in se vrti okoli dveh bitij. Nagačevalec in mesar. Mesar zasvoji nagačevalca s svojo drogo, ki jo ponuja kot domnevno zdravilo za nagačevalčeve bolezne. Nagačevalec postane narkoman in mesarju v zameno za drogo predva svojo največjo ljubezen. Ko se zave napake, se vrne po to, kar mu pripada, toda pot pred njim je enosmerna.

We thought we were made of dust, but in fact we are just spirit. Situated in a strange, trashy universe, the story revolves around two creatures. A taxidermist and a butcher. The butcher gets the taxidermist hooked on his drugs, which he offers as an alleged cure for the taxidermist's disease. The taxidermist becomes a junkie and gives away the most precious love to the butcher in exchange for more drugs. After realizing what he did, he goes to take what belongs to him, but the path ahead is a one-way journey.

Čarobna voda reke, ki sedemkrat spremeni ime, preden dobi zadnjega – po slovenskem glavnem mestu, čarobna voda povodnega moža in Urške.

If wagoners were a staple of the American culture, they would have been the subject of countless films.

Drago Mislej - Mef, ki smo ga doslej poznali predvsem kot kantavtorja, novinarja in Izolčana, je v sodelovanju z Dušanom Milavcem posnel dokumentarni film, v katerem obujata spomin na dedičino furmanstva, ki je v času avstro-ogrsko monarhije cvetelo predvsem vzdolž cesarske ceste Dunaj–Trst.

Drago Mislej - Mef, who had previously been known as a singer-songwriter, journalist and Izola local, has teamed up with Dušan Milavec to make a documentary about the heritage of wagoning. In the years of the Austro-Hungarian Empire, this was a flourishing business, particularly along the Vienna – Trieste highway.

Celovečerni dokumentarni film v ospredje postavi življenjsko zgodbo karizmatičnega branilca Karpatov in Soče, generala Svetozarja Boroevića, edinega nenemškega feldmaršala 50-milijonske avstro-ogrsko monarhije. Eden največjih vojskovodij prve svetovne vojne je pozabljen in v pomanjkanju umrl v 64. letu starosti 23. maja 1920 v Celovcu.

This feature documentary celebrates the life of the charismatic defender of the Carpathians and the Soča river, General Svetozar Boroević, the only field marshal of non-German background in the 50-million Austro-Hungarian Empire. One of the finest commanders of World War I died forgotten and destitute on 23 May 1920 in Klagenfurt, aged 63.

V filmu prof. dr. Franjo Štiblar razmišlja o slovenskem gospodarstvu in družbi. Z obravnavo desetih področij poda analizo sedanje situacije in pogled v prihodnost. Pri tem heterodoksní profesor o kompleksnih družbenih pojavih in dogajanjih spregovori poljudno, s preprosto razumljivo besedo, svoj pogled utemelji znanstveno in empirično ter predлага, kako ravnavati v dobro Slovenije. Film o tej temi je pri nas redkost.

In the film, Prof. Dr Franjo Štiblar reflects on the Slovenian economy and society. Focusing on ten specific subjects, he analyses the present situation and offers an outlook for the future. The heterodox professor speaks of complex social phenomena and developments in a simple, easy to understand language, while providing theoretical and empirical evidence to substantiate his views, and proposing action that could benefit Slovenia. This is a rare topic to discuss in Slovenian cinema.

*Film raziskuje razmik med vedno bolj izrazito margino in številnimi centri, ki proizvajajo vedno bolj poenoten imaginarij; v tem vmesnem prostoru se skrivajo kolesja sveta, tako domišljiska kot resnična.*

*The film explores the gap between the increasingly pronounced fringes and the numerous centres that keep producing increasing uniformity. It is in this space between that you can find the wheels of the world, both imaginary and real.*

V vasici ob meji, zajeti v neskončne nianse jesenskega listja, se na presečišču resničnega in umišljenega razkrivajo osamljena življenja, ki iščejo odrešitve, dosegljive morda le skupaj. Miren je ena izmed sodobnih in globaliziranih provinc, ki so za prestolnice vse težje razumljive.

In a border village clad in endless shades of autumn leaves, solitary lives are emerging where reality and imagination meet, seeking redemption that perhaps is only attainable together. Miren is one of the contemporary globalised outlands that the capitals are finding increasingly difficult to comprehend.

Film govori o umsko zaostalem lokalnem bebčku, ki je vsem in vedno pripravljen pomagati. Pomoč nudi v obliki opravil okrog hiše in drugih fizičnih del. Ob humorih srečanjih z ljudmi, nekateri so mu naklonjeni, drugi so do njegove zaostalosti odkrito sovražni, se Oto ves čas sooča s situacijami, ki poudarjajo njegovo drugačnost, hkrati pa pridno varčuje prisluženi drobiž, ki ga kot miloščino dobí od svojih strank.

This is a film about a mentally disabled village simpleton, who is always ready to be of assistance to anyone who needs it, fixing things around the house or doing other manual jobs. In his humorous encounters with people – some friendly, others openly hostile – Oto frequently finds himself in situations that accentuate the fact that he is different, all the while patiently putting aside the pittance he gets from his clients.

## IZJAVA REŽISERJA DIRECTOR'S STATEMENT

S filmom Oto sem želel čim bolj resnično prikazati bedo rahlo zaostalega človeka, kakršnega ima vsak kraj v naši deželi, ne vemo pa, kakšna borba je za takega človeka s sivega roba družbe preživeti dan.

With Oto, I wanted as realistically as possible to depict the misery of a person with a mild mental disability. Although each village in the country has one, we fail to realise the struggle it takes for someone like this, living on the margins of society, to make it through the day.

*Stoletje sanj* je celovečerni dokumentarni film o najstarejšem slovenskem izumitelju Petru Florjančiču, ki je pred kratkim praznoval 100 let. V njem kontroverzni Peter s svojimi besedami opisuje življenje, ki je, kot sam pravi, napeto kot Hitchcockovi filmi. Sebe doživlja kot hedonista, ki si je s svojimi iznajdbami ustvaril pot do razkošnega in vznemirljivega življenja.

*A Century of Dreams* is a feature documentary about the oldest Slovenian inventor, Peter Florjančič, who has recently celebrated his 100th birthday. In the film, the controversial innovator gives a first-hand account of, in his own words, a life as thrilling as Hitchcock's films. Florjančič considers himself a hedonist whose inventions have given him a luxurious and exciting life.

IZJAVA REŽISERJA DIRECTOR'S STATEMENT

Ko sem izvedel, da ugaša ŠKL, edinstven projekt, ki je v marsičem definiral tudi mene, mi je bilo predvsem žal bogatega arhiva, zbranega v letih televizijske produkcije. 700 ur TV oddaj, nastalih v četrt stoletja delovanja tega projekta, je skrivalo kup neprecenljivih zakladov.

SKL was a unique project, which defined me personally in many ways, and when I learned it was dying out, I kept thinking about the huge archive. 700 hours of TV footage made in the 25 years of the project held scores of invaluable gems.

Skozi dokumentarni film spremljamo vzpon in padec ideje, ki je prerasla v temeljni državni šolski projekt in mnogim športnikom odprla vrata za razvoj njihove profesionalne kariere.

SKL is a brand that impacted generations. In its 25 years, the School Basketball League attracted in its ranks scores of young people from across Slovenia, bringing together thousands of individuals who grew and matured together with the project. The documentary traces the rise and fall of the idea that grew into an essential national school campaign and a springboard for many athletes' professional careers.

Če skupina premore toliko ustvarjalne energije in volje, da ne obupa in vneto nadaljuje še tretjič, je to že zgodba. V primeru skupine Tabu je to postala filmska zgodba.

If a band has enough creative energy and drive to get back on its feet for the third time, this is a story. In the case of Tabu, it became a film.

Glasbeno-dokumentarni film o petih gimnazijcih iz Kopra, ki so v poznih 60-ih letih obnoreli Jugoslavijo. Kljub peščici lastnih avtorskih skladb so polnili dvorane in nogometne stadione z več 10.000 obiskovalci. Postavili so temelje jugoslovanski glasbeni industriji. Kameleoni so odškrnili jugoslovansko železno zaveso in se celotni generaciji pomagali osvoboditi spon idejnega in kulturnega povojnega monumentalizma.

A biopic about five teenagers in the mid-1960s who started a band that would generate mass hysteria in the former Yugoslavia. Although they produced only a handful of original songs, they could attract crowds of tens of thousands of people. The band laid the foundations for the Yugoslavian music industry, cracking open Yugoslavia's Iron Curtain and helping liberate a whole generation from the chains of post-war socialist monumentalism.

Dokumentarno-igrani portret tematizira in razgrinja življenjsko in umetniško pot svetovljanke Karmeles Kosovel, ene izmed sestra pesnika Srečka Kosovela. V dvajsetih letih prejšnjega stoletja je v Trstu študirala in diplomirala iz klavirja, specializacijo je opravila v Münchenu ter uspešno koncertirala. Prek njenih pisem sledimo njeni življenjski in umetniški poti tako skozi njena ljubezenska razmerja kakor tudi skozi ljubezenska čustva, ki so jih do nje gojili nekateri vidni predstavniki tedanje slovenske kulturne srenje.

A docudrama about the life and career of Karmela Kosovel, a cosmopolitan woman and one of the sisters of renowned Slovenian poet Srečko Kosovel. In the 1920s, Karmela studied and graduated in piano in Trieste, before receiving further training in Munich and pursuing a successful career as a concert pianist. Through her letters, the film traces her life and career from two angles: her love affairs, and the feelings some notable figures on the then Slovenian cultural scene had for her.

Film govori o mitski gori, o njeni zgodovini, ki je bila predmet tekmovanja med narodi, ki živijo v Julijskih Alpah. Pripoveduje o prvem vzponu na Triglav, o ljudeh, ki živijo z njim in ob njem, zgodbo simbola, ki je del identitete Slovenije. Triglav, na katerega se vsako leto povzpne na tisoče obiskovalcev, nikoli ni izgubil svoje privlačnosti.

The story of a mountain that is the subject of legend and used to be an object of competition between the nations living in the Julian Alps. Revisiting the first ascent of Triglav, sharing tales about the people living with and around the mountain, this is a story of a symbol that has become part of the Slovenian identity. Even with thousands of visitors per year, Triglav has never lost its appeal.

Portret nemško-slovenskega ustvarjalca, glasbenika, snemalca, scenarista in režiserja Petra Braatza. Braatz, ki je kot pevec skupine S.Y.P.H. vzniknil znotraj nemške pankerske scene poznih sedemdesetih in osemdesetih let, je predvsem dokumentarist, čigar dela so bila nemalokrat nerazumljena in zavračana; o njegovem delu in življenju pred kamero spregovorijo sodelavci in prijatelji, pa tudi družinski člani in somišljeniki.

A portrait of Peter Braatz, a German-Slovenian artist, musician, cinematographer, screenwriter and director. Braatz, who entered the German punk scene of late 1970s and '80s as the lead singer of S.Y.P.H., is primarily a documentary filmmaker whose works have often been misunderstood and rejected. *Peter vs Harry* features insightful interviews with Braatz's colleagues and friends, as well as family members and like-minded people.

Dokumentarni film prinaša kulturološko in sociološko raziskavo fenomena Tomosa, ki je v svojih zlatih letih v primorski regiji in širše presegel golo tehnično dediščino in spisal globalno zgodbo. V krajih okoli Kopra je bilo v petdesetih letih prejšnjega stoletja veliko delavcev brez zaposlitve. Kraji so bili brez tovarn ali pomembnejših industrijskih centrov. V takih okoliščinah je leta 1954 nastala Tovarna motornih vozil Sežana, ki so jo nato preselili v Koper.

A culturological and sociological examination of the phenomenon of the Tomos vehicle factory. In its heyday, Tomos reached far beyond its sheer technical significance for its region, growing into a global story. Back in the 1950s, the region around the coastal town of Koper struggled with high unemployment and had little industrial activity. It was against this background that the Sežana vehicle factory was established in 1954, and subsequently moved to Koper.

V popolnoma prenovljeni vizualni podobi se tako srečajo že poznani junaki in glasba ter novi, hudomušni zapleti, ki nasmejijo gledalce vseh starosti.

In the fictional world of animation, the mini-series brings to life the stories of Mury the Cat and other characters from a popular Slovenian children's book by Kajetan Kovič. Set to legendary songs performed by Neca Falk, new twists and turns of the beloved characters guarantee plenty of fun for audiences of all ages.

## IZJAVA REŽISERJA DIRECTOR'S STATEMENT

Menocchio se močno razlikuje od mojih prejšnjih filmov. To je projekt, ki sem ga imel v mislih že od šolskih dni, ko sem prvič slišal za Menocchia, in morda je v vmesnih letih v meni dozorel.

Menocchio is very different from my previous films. It is a project that had been on my mind since my school days when I heard about Menocchio for the first time, and perhaps it had matured inside me in the years in between.

Italija, konec 16. stoletja. Rimskokatoliška cerkev v strahu, da protestantsko reformistično gibanje ogroža njeno nadvlado, sproži prvo sistematično vojno za popoln miseln nadzor. Nova spovednica, zasnovana prav v tistih letih, prostor za dušno uteho spremeni v miselno razsodišče. Prisluškovanje, vohlanje in ovajanje sosedov pod grožnjo izobčenja, ječe ali grmade postanejo dolžnost. Menocchio, star, trmast mlinar samouk iz majhne vasice v odročnih furlanskih gorah, se odloči zoperstaviti novemu redu.

Italy, late 16th century. The Roman Catholic Church, feeling threatened in by the Protestant reform movement, unleashes the first systematic state war for total mind control. The new confessional is transformed from a space for the consolation of souls to a tribunal of thought. Eavesdropping, spying and denunciation of neighbours are made mandatory, on pain of excommunication, prison or the pyre. Menocchio, an old, stubborn, self-educated miller from a small village lost in the mountains of Friuli, decides to oppose the new order.

The last part of the *Film-loving* trilogy offers a fresh, close look at the time from the very beginnings of professional Slovenian cinema with France Štiglic' *On Our Own Land* (1948), the first Slovenian sound feature film, to the present, when desperate attempts are made to rescue this heritage from decay. The documentary follows the restoration of the legendary film to the gala screening in Kongresni trg, Ljubljana. 70 years after the premiere screening in the same square, with the last surviving members of cast and crew.

## predavanja lectures

#### REACT Masterclass z Marto Andreu – O možnosti reči mogoče

19/9 · 14:30–16:00 · v angleščini

V času okoljskih kriz brez primere, nenehnega kršenja najbolj temeljnih pravic ter brezmejne prekarnosti in ekstremitizma se zdi, da ustvarjanje prevzema vlogo ostrega obsojanja in odločnega ukrepanja. Toda kako je mogoče prevzeti to odgovornost, ne da bi se hkrati odrekli refleksivnemu in poetičnemu pristopu k realnosti? Kako je mogoče razviti to moralno zavezo, ne da bi zanemarili prostor plodovitosti in lucidnosti, ki se razpira med dvomom in nasprotovanjem?

Marta Andreu je producentka dokumentarnih filmov, specializirana za izvajanje delavnic. V zadnjih petnajstih letih je zasnova na po vsem svetu vodila številne filmske

delavnice, v katerih se posveča specifičnim temam in vsebinam.

#### REACT Masterclass by Marta Andreu – About the possibility of saying maybe

19/9 · 14:30–16:00 · in English

In times of unprecedented environmental crises and constant abuses of the most essential rights, of limitless precariousness and extremism, creation seems to be assuming the role of forceful denunciation and decisive action. But how can this responsibility be taken without renouncing the reflexive and poetic approach to reality? How can this ethical commitment be elaborated without neglecting the fertile and lucid space extended between doubt and contradiction?

Marta Andreu is a documentary producer and workshop specialist. For the past 15 years, she has been creating and leading many film workshops around the world with specialized themes and content.

#### Prodorni producenti

21/9 · 9:45–11:00 · v angleščini

Društvo slovenskih producentov (DSP) je na zadnjem občnem zboru v začetku novembra 2016 ustanovilo delovno sekcijo *Prodorni producenti*. Glavni namen sekcije sta povezovanje slovenskih AV producentov mlajše generacije in medsebojna pomoč pri izobraževanju na področju filmske in druge AV produkcije ter profesionalno izpopolnjevanje in rast članov sekcije. S tem namenom sekcija društva organizira tudi predavanje na FSF, ki ga bo vodil Marcin Łuczaj.

#### Študija Deloitte – Pregled fiskalnih in ekonomskih učinkov AV industrije v Sloveniji, predava Gregor Skender

21/9 · 16:30–17:00 · v slovenščini

Svetovalno podjetje Deloitte je v sodelovanju z Društvom slovenskih producentov in Zavodom AIPA pripravilo analizo ekonomskih in fiskalnih učinkov avdiovizualne industrije v Sloveniji. Analiza je pod drobnogled vzela fiskalne in ekonomske učinke avdiovizualne industrije na domače gospodarstvo ter vpliv državnih podpor na razvoj avdiovizualne industrije. Rezultati kažejo, da pomen avdiovizualne industrije tako v svetovnem kot tudi v domačem gospodarstvu narasiča, obenem pa izpostavljajo potrebo po nadaljnjem razvoju dialoga med avdiovizualnimi ustvarjalci in pristojnimi javnimi institucijami. Predstavitevi sledi razprava.

#### Deloitte Study – Fiscal and Economic Impacts of Audiovisual Industry in Slovenia, lecture by Gregor Skender

21/9 · 16:30–17:00 · In Slovenian

In collaboration with the Producers Guild of Slovenia and AIPA, Deloitte has conducted an analysis of the economic and fiscal impacts of the audiovisual industry in Slovenia. The analysis focuses on the fiscal and economic impacts of the audiovisual industry on the Slovenian economy, and the effect state grants have on the development of the industry. Results show that the importance of the audiovisual industry for economy is growing both at global and national levels, while indicating the need for further dialogue between the industry and competent public institutions. The presentation will be followed by a discussion.

zakonsko izrazito diskriminirani. Igralec ima po zakonu iz leta 1995 (!) pravico le do nadomestila za privatno ali drugo lastno reproduciranje. Ali je še danes AV igralec res le *izvajalec*, kot pravi 25 let star zakon? K okrogli mizi so vabljeni uveljavljeni igralci, predsednik društva DSI Sebastian Cavazza, člani Katarina Čas, Branko Završan, Jurij Drevenšek, Ludvik Bagari in Maja Sever ter gost iz belgijske organizacije PlayRight loan Kaes. Dogodek bo povezoval igralec Matej Zemljic.

#### **Actors Guild of Slovenia in collaboration with AIPA round-table discussion – Actor and their right**

20/9 · 11:30–13:30 · in Slovenian and English  
Compared to other countries, Slovenian actors are distinctly discriminated in terms of copyright and related rights. Under the applicable law from 1995 (!), actors have the right to remuneration for private copying only. Is an actor today really just a *performer* as stated in the 25-year-old law?

Invited panellists include members of the Actors Guild of Slovenia, president Sebastian Cavazza, and members Katarina Čas, Branko Završan, Jurij Drevenšek, Ludvik Bagari, Maja Sever, and a guest from the Belgian organization PlayRight, loan Kaes. Chaired by actor Matej Zemljic.

#### **Okrogl miza o Scenarnici – Tri leta domače scenaristične delavnice**

21/9 · 11:30–12:30 · v slovenščini  
Scenarnica, intenzivna scenaristična delavnica, ki se osredotoča na verjetno najzahtevnejši del ustvarjalnega procesa – od ideje do prve različice scenarija –, se bo letos že četrtek zapored začela v Ljubljani v organizaciji Društva slovenskih režiserjev (DSR) in Slovenskega filmskega centra (SFC), nadaljevala pa v Portorožu. Programska vodja Matevž Luzar bo uvodoma predstavl način dela na Scenarnici in nadaljnje možnosti, ki jih odpira udeležba na tej delavnici, sledile bodo osebne predstavitve nekaterih projektov dosedanjih udeležencev.

#### **Round Table on Scenarnica – Three years of local screenwriting workshop**

21/9 · 11:30–12:30 · In Slovenian

Scenarnica is an intensive screenwriting workshop focusing on what could possibly be the most difficult stage of the creative process – turning an idea into the first version of the screenplay. Organised by the Directors Guild of Slovenia (DSR) and the Slovenian Film Centre (SFC), the fourth edition of Scenarnica started in Ljubljana and will continue in Portorož. Its artistic head Matevž Luzar will start by shortly outlining the method of the workshop and the opportunities provided by participation in the workshop. This will be followed by project pitches by some of the participants from previous editions.

#### **Okrogl miza DPPU – Ustvarjalni aspekt montažnega oblikovanja filmskih podob**

21/9 · 14:30–16:00 · v slovenščini

Film je v svojem bistvu avdiovizualni medij. Svojo vizualno plat izraža prek filmskih podob in na ta način občinstvu posreduje zgodbo, zvok pa je lahko slušna analogija podobe.

O pomenu vizualnih in zvočnih podob ter o njihovem skladanju bomo govorili s strokovnjaki s tega področja, in sicer s slikarjem in vizualnim umetnikom Robertom Černelčem, glasbenikom in skladateljem filmske glasbe Janezom Dovčem ter vrhunskim in večkrat nagrajenim filmskim montažerjem Milošem Kaluskom. Vsi trije trenutno sodelujejo pri skupnem projektu in bodo ekskluzivno delili z nami to dragoceno izkušnjo. Povezuje filmska in televizijska montažerka Olga Toni.

#### **Association of Postproduction Artists round table: The creative aspect of editing cinematic images**

21/9 · 14:30–16:00 · In Slovenian

At its heart, film is an audiovisual medium. To communicate a story, it conveys its visual side through cinematic images, while sound can be an acoustic equivalent of the image.

The importance of visual and acoustic images and of the process of piecing them together will be discussed with

professionals in the field: painter and visual artist Robert Černelč, musician and film score composer Janez Dovč, and celebrated, award-winning film editor Miloš Kalusek. The three of them are currently working on a project together and will share some exclusive details of this valuable experience. Chaired by film and TV editor Olga Toni.

#### **Osrednje nacionalne filmske ustanove v regiji**

22/9 · 14:00–16:00 · v angleščini

HAVC, Filmski center Črne gore in Filmski center Srbije bodo zastopali njihovi direktorji oziroma vodilni zaposleni.

## **delavnice workshops**

#### **Delavnica XR z Markom Cafnikom**

19/9 · 16:30–17:00 · v slovenščini

Virtualni svet z VR očali in druge tako imenovane imerzivne (potopitvene) vsebine razširjajo kinematografsko doživetje, saj gledalcu nudijo povsem nove dimenzijske stvarnosti. Na delavnici razširjene resničnosti (XR) bo poleg same tehnologije mogoče spoznati tudi druge razsežnosti in potencialne navidezne, nadgrajene in mešane resničnosti.

#### **XR Workshop hosted by Marko Cafnik**

19/9 · 16:30–17:00 · In Slovenian

The virtual world brought about by VR glasses and other so-called immersive technologies serve to expand the experience of cinema, adding new dimensions to the actualities of life. The expanded reality (XR) workshop will provide an insight into the technology as well as other dimensions and potentials of the virtual, augmented and mixed reality.

## **nagrade awards**

#### **Podelitev nagrade kosobrin za dragocene filmske sodelavce (Društvo slovenskih režiserjev)**

22/9 · 16:00–17:00 · v slovenščini

Vsi, ki delujemo na področju filma, zelo dobro vemo, kaj pomeni *dragocen filmski sodelavec*, in nemudoma lahko naštejemo vrsto imen, priimkov, predvsem pa nadimkov, po katerih jih poznamo. Brez teh sodelavcev si sploh ne moremo predstavljati ne kakovostnega delovnega procesa ne dobrega končnega izdelka.

#### **Kosobrin Awards Ceremony (Directors Guild of Slovenia)**

22/9 · 16:00–17:00 · In Slovenian

Anyone working in film production knows very well what a *priceless film professional* means, and can instantly produce a list of names, surnames, but especially the nicknames they go by. Without them, we cannot even begin to imagine either a good working process or a good end result.

Festivalu slovenskega filma že šestič organizira filmskokritičko delavnico, namenjeno dijakom, študentom in vsem, ki se želijo uriti v mišljenju filma in njegovi refleksiji. V sproščenem festivalskem vzdušju si udeleženci delavnice vsak dan ogledajo filme sodobne slovenske produkcije. Ogledu vsakega filma sledi poglobljena razprava, v kateri soočajo poglede na filmsko poetiko, analizirajo uporabo in namen filmskih izraznih sredstev ter o filmih premišljujojo v okviru slovenskega filma, filmskih zvrsti in žanrov. Debata služi udeležencem kot izhodišče za pisanje lastnih refleksij. Vsi teksti so deležni komentarjev obeh mentorjev, končni izdelki pa bodo objavljeni na portalu [ostrenjepogleda.wordpress.com](#), izbor v reviji KINO!. Udeleženci delavnice si bodo še posebej zavzeto ogledali in premleli sklop študentskih filmov ter ob koncu festivala razglasili zmagovalca.

### Film Critics Workshop:

#### Sharpening the gaze with Slovenian cinema

The 22nd Festival of Slovenian Film is the 6th successive edition to host the KINO! Society for Expanding Film Culture's film critics workshop for high school and college students as well as others who wish to hone their ability to think cinema and reflect on it. In a relaxed creative atmosphere, a group of participants will meet daily to watch the latest of Slovenian cinema. Film screenings will be followed by in-depth debates in which participants can share their views on the poetics of the films, analyse the use and purpose of expressive means, and reflect on the films in the light of Slovenian cinema, film genres and other film categories. Drawing on the debate, they will produce their own reviews and meet with the two mentors for feedback. The final products will be posted on [ostrenjepogleda.wordpress.com](#), and a selection will be published in the KINO! Magazine.

Most careful attention and treatment will be given to the line-up of student films: at the end of the festival, one of the films will be announced the winner.
